Parents are reminded that we sometimes have to send cadets home and should book airfare as "refundable/changeable." We recommend that, should you choose not to purchase refundable fares, you purchase travel insurance. We cannot be responsible for fare increases due to unforeseen changes in the training schedule.

TRAINING OBJECTIVES AND EXPECTATIONS

TRAINING OBJECTIVES: Our objectives and purpose for offering this training evolution are:

- To provide basic indoctrination to Cadets in the fundamentals of barracks life, military standards, naval traditions, and responsibilities to enable them to enhance their fulfillment as a cadet, and to perform and excel during their tenure with the Corps.
- To provide training in a specific subject(s) for those Cadets attending training.
- To provide professional training to NSCC Officers and NSCC Staff Cadets so as to allow them the opportunity to utilize their abilities in a supervised military environment.
- To promote the highest level of training that is consistent with NLCC/NSCC National Goals with an atmosphere of respect, support, and esprit de corps.

SAFETY: Safety is our #1 priority. The success of this evolution depends on the safety of all personnel. This will be accomplished by the following methods:

- Accountability – This is achieved by knowing where our people are at all times and what they are doing. Each individual will act in a responsible manner.
- By always being alert to possible hazards and taking appropriate action to prevent possible harm to any personnel under our care.
- By making safety everyone's responsibility, from the cadet to the Commanding Officer. If any person feels their safety is about to be compromised, that person will bring it to the attention of the chain of command.

CODE OF CONDUCT/HAZING/FRATERNIZATION: Please review the attached CODE OF CONDUCT. This code will be the basis for a quality training experience. Furthermore, there is a **ZERO TOLERANCE** for hazing and/or fraternization. This includes bullying, use of foul language, and any negative behavior that takes away from a safe and positive training environment.

PREPARING FOR TRAINING

HAIRCUTS: All Cadets - haircuts must conform to NSCC Grooming Standards. Males: Tapered (no steps), clean around neck and ears.

YOU MUST GET YOUR HAIRCUT PRIOR TO TRAINING. Each session we have cadets who actively choose to not get their haircut because they have been told it will be done at training – **THIS IS NOT THE CASE.** **Cadets may not check-in without a proper haircut.**

CADET PREPARATION: All cadets need to understand that this is a TRAINING evolution. They are participating to learn more about being in the NSCC program. Each individual will be asked to do things that are challenging and different from “the way I’ve always done it.” To prepare for this evolution, each person should:

- Do physical training. Push-ups, sit-ups, and running are a good way to start. Physical training is included in the cadet-training curriculum.
- Pack their own sea bag. This will help in knowing what has been brought to training. Each cadet will be 100% responsible for their own belongings.
- Break-in footwear. There will be a lot of walking during this training and boots are more comfortable if they have been broken in.

PHYSICAL READINESS TEST (PRT): Because this is an advanced training, cadets will not be required to take the PRT but it is expected that they will have passed it at their home units within the six months prior to training.

MEDICAL RESTRICTIONS: Trainees with pre-existing medical conditions that will affect a safe training environment cannot be allowed to participate. While we want cadets to complete their training, safety is our first concern.

Medications prescribed or over-the-counter **are** permitted. **If your cadet will need to take ANY medications, a Supplemental Medical History (Page 7/8) which is included in this packet must be completed and approved prior to registering for training.** Please bring medications in the original container and place them in a baggie and include a copy of this form, which **MUST** be signed by a medical professional if any of the medications are prescription. **Discontinued use of required medication is not advised.**

The final determination of participation in training due to a medical condition lies with the Commanding Officer, based on NSCC Regulations.

SEABAG: Review the sea bag list. **ALL CADETS MUST BRING A WATER SYSTEM (canteen w/web belt or Camelback is OK).** All items must be marked with the cadet's last name and first initial (all underwear and socks look the same after a while). A sea bag inspection will be conducted on the first day of training. If required items are not in sea bag, attempts will be made to obtain the item for the cadet and the parent/guardian/unit will be billed. **IF IT IS NOT ON THE LIST, LEAVE IT AT HOME.** Commercial travelers should bring money and cell phone for their; they will turn cell phones in at check-in.

DURING TRAINING

OUTSIDE PARTY CONTACT: To create and maintain the most productive military environment needed for a successful training, it is necessary to isolate trainees from outside influences that may prove distracting. To this end, it is essential for parents, relatives, and friends to understand:

- Visits from parents, relatives, and friends will be prohibited.
- Visits from home unit staff not attached to the training are not allowed, unless approved in advance by the Commanding Officer.
- Trainees are not allowed to place or receive phone calls. In case of family emergencies parents are to contact the unit CO, who will then contact the Training Site. If there is an emergency regarding a cadet, a call will be placed to the parents and the unit CO.
- Cadets may send mail to family and friends.

We also try to post online pictures taken by our Photojournalism Training as staff time and internet capacity allows. Photos can be found at our Navy League Facebook page: **US Navy League Cadet Corps - Pacific Southwest Region 11.**

CADET MAIL: Due to anticipated limited e-mail access, we will not be able to take inbound e-mails for the cadets. If you would like to send a letter, please address to:

(Cadet's Name)
(NLCC Orientation, including Division number if you know it)
U.S. Naval Sea Cadet Corps
YMCA Camp Marston
P.O. Box 2440
Julian, CA. 92036

Please note that this is for incoming cadet mail during the period of Dec. 29th to Jan. 4th. To ensure delivery, we recommend that you **send your letter no later than Tuesday, Dec. 31st**, to ensure that it arrives during training. Any mail received after training is done will be marked "Return to Sender."

Parents, be aware that the regimented military lifestyle at recruit training is **very different** from what your cadets have experienced in the civilian world. Please discount the first letter home from your cadets; wait until you receive the second letter home and you'll find they've adjusted well, and very quickly, and are actually enjoying themselves.

NO CELL PHONES ALLOWED FOR ANY CADETS. Cadets traveling by commercial carrier may bring a cell phone to stay in contact with family until arrival. These cell phones will be secured during training and

returned to cadets for their return travel. Failure to turn in cell phones or using cell phones during training will be grounds for dismissal.

QUESTIONS/CONCERNS: Your unit CO is the first person who may be able to answer questions or concerns. They have been sent a copy of this information letter. If you still have questions, please e-mail to question@nscpsw.org.

We look forward to your cadet having a positive training experience. Welcome Aboard!

NOTICE

This form, used as a supplement to the Report of Medical History, is **MANDATORY** for all Cadets who are currently taking medication and will report to training with prescription and/or non-prescription (over the counter) medications. Cadets may bring prescription and non-prescription medication to training as long as the medication is not for a contagious illness or physical condition that would normally preclude his/her full participation in rigorous physical activity. Medication must NOT have expired. This form is to be used in conjunction with the current report of Medical History when screening cadets prior to attending "ALL" trainings for those taking medications.

THE INFORMATION YOU PROVIDE MUST BE ACCURATE AND COMPLETE. If the cadet is taking prescription medications, a qualified medical provider must endorse this document in Section 10, confirming the accuracy of the prescription information provided. Medical provider signature for OTC medications is NOT REQUIRED; parent signature is sufficient for OTC medications.

Commanding Officers of Training Contingents (COTC) and Senior Escort Officers (SEO) retain the obligation and right to deny acceptance for training to any Cadet if upon review of the Report of Medical History and this document, it is determined that the Cadet is not physically and/or medically qualified (without ADA accommodation). This includes a determination that they do not have sufficient or qualified personnel to administer required medications. Parents/Legal Guardians should be consulted before making these type determinations.
